APEX™ 2

PREMIUM POWER PROTECTION AND FILTRATION

APEX™ 2 is the affordable way to have premium protection for your most valuable electrical equipment and white goods. The space saving design now means you can have surge protection and filtration anywhere.

- 1 Large plug adaptors
- 2 Earth detection safeguard
- 3 Active power LED
- 4 1 metre cord with space saving flat head plug
- 5 Fireproof MOV

Fireproof MOV ensures the main protection components will not catch fire while protecting from dangerous surges. The choice of Fireproof components and the added flame retardant housing safeguards ensures your home and family will always be safe.

The Thor SmartBrain not only protects from surges, it also filters and cleans electrical frequency noise. The filter works both ways. Stopping noise from robbing equipment performance as well as connected devices' noise contaminating power.

DID YOU KNOW?

That its not just your electronics that need protecting, but your whitegoods too and the APEX 2 is a great way to give you this added protection, here's how:

- Filtration reduces dishwasher/washer machine programs stopping mid cycle;
- Spike/surge protection for circuit board in whitegoods (basically circuit boards are mini computers and very sensitive to spikes and surges);
- Earth detection circuit for your safety and more efficient protection;
- 2 outlets for side-by-side fridge/freezer or married washer/dryer; and
- Easily mounts into cupboard or shelf using the template on the bottom of the packaging.

TECHNICAL SMARTS

Supply voltage 240V AC 50/Hz · Maximum current rating 10amps/2400 W (VA) · Clamping/Let through voltage 300V AC · Reaction time less than 1 nanosecond · Maximum energy dissipation 2295 Joules (equivalent to 510 Joules using UL1449 standard) · Protection modes: Active/Neutral, Active/Earth, Neutral/Earth · EMI/RFI noise reduction filter · Total number of protected AC outlets: 2 · Earth potential rise protection · Earth leakage range less than 1 milli amp · Earth detection circuit: Yes · Operating conditions: Indoor/AC mains · Operating temperatures: -10C/+60C · Cable length: 1.0m · Model No: T2+

INSIDE THE SMART BRAIN

All serious power protection diverts excess energy to earth first. If there is good earth connection then the protector will last longer. APEX™ 2 has an earth detection LED for this reason.
